Docket No. 98N-1265 6 '99 MAY -3 AIO:27
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
I OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS: I send "out of state" for natural
progesterone prescribed by my doctor
in St. Louis as I can't get it here
in Texas. My doctor & I prefer this
as there is too much incidence
of breast & uterine cancer in the
usual synthetic hormones prescribed
by most doctors - I also sometimes buy
Cytomins by catalog
